

International Symposium

Computational and Experimental Studies of Microtubules and Microtubule based Motor Proteins

December 14, 2016

Mumbai, India

This one day international symposium is supported by a mini-grant from Biophysical Society (USA) and Indian Institute of Technology Bombay. This symposium aims to bring together Indian researchers, postdocs, students and selected international researchers working the fields of microtubule and microtubule based motor proteins. This event would provide a platform for many young researchers, postdocs and students to discuss their work and explore collaborations and networking with leading national and international researchers in the field. The symposium will consist of multiple oral presentations as well as a poster session to highlight and discuss new results of participants. Some of the submitted abstracts will be considered for short oral presentations.

To promote interactions and collaborations among biophysicist from western region in India, we are offering lowest registration rates to students and faculty members of the biophysics-pashchim member institutes i.e. IIT Bombay, TIFR Mumbai, NCL, IISER Pune and ACTREC.

To enhance interaction among biophysicist, we encourage poster presentation by students and researchers using various biophysical methods, tools and techniques to study biological systems/phenomena at molecular and cellular scales.

Invited Keynote Speakers on Motors

Nobutaka Hirokawa
University of Tokyo
Japan

Steven P. Gross
University of California Irvine
USA

Leslie Wilson,
University of California Santa Barbara
USA

David Sept
University of Michigan at Ann Arbor
USA

Invited Keynote Speakers on Microtubules

Organizer

AMBARISH KUNWAR
IIT BOMBAY

Invited Speakers

George Shubelta
NYU Abu Dhabi, UAE

Michael Vershinin
University of Utah, USA

Jing Xu
UC Merced, USA

Harish Joshi
Emory University, USA

Debashish Chowdhury
IIT Kanpur, India

Roop Mallik
TIFR Mumbai, India

Krishanu Ray
TIFR Mumbai, India

Sandhya Koushika
TIFR Mumbai, India

Gautam Menon
IMSc Chennai, India

Manoj Gopalakrishnan
IIT Madras, India

Chaitanya Athale
IISER Pune, India

Suparna Sengupta
RGCB Trivandrum, India

Virupakshi Soppina
IIT Gandhinagar, India

Vaishnavi Ananthanarayanan
IISc Bangalore, India

Tapas Manna
IISER TVM, India

Manu Lopus
UM-DAE CBS Mumbai, India

Local Speakers

Dulal Panda
IIT Bombay, India

Ranjith Padinhateeri
IIT Bombay, India

Mandar Inamdar
IIT Bombay, India

Mithun Mitra
IIT Bombay, India

Ambarish Kunwar
IIT Bombay, India

Dibyendu Das
IIT Bombay, India

Amitabha Nandi
IIT Bombay, India

Santanu Ghosh
IIT Bombay, India
