BE203 Bioengineering Practicum I
 BE204 Bioengineering Practicum II
 BE211 Cell Mechanics
 BE214 Fundamentals of Bioengineering 2

BE215 Chemistry for Bioengineers
BE216 Dynamical Systems Biology
BE218 Computational Epidemiology
BE220 Industry Seminars
BE221 Data sciences for bioengineers
BE222 Stem Cell Technology
BE224 Diagnostics and Devices
BE226 Synthetic Biology and Genetic Engineering
BE228 Introduction to Mathematical Oncology
